

Supplier Terms and Conditions

General Terms and Conditions	
QA 1	Machining Suppliers must furnish inspection report, certificate of conformance and as applicable material and processing certifications for the parts they submit. Material must be USA domestic unless otherwise authorized.
QA 2	Documented first article inspection reports shall be submitted to Quality dept. prior to the beginning of production. The Supplier assumes all financial responsibility for replacement, rework and material when production of parts is begun without first article inspection approval from quality. AS9102 F/A form when stipulated on .P.O.
QA 3	Any delay in shipment for any reason has to be conveyed to Premier Gear's Quality dept. as soon as the delay is known by the supplier.
QA 4	Any change to the contract requirements by the supplier must be approved by Premier Gear in writing.
QA 5	All information in the contract must be held in confidence by the supplier and no third party request for information will be authorized unless instructed in writing by a Premier Gear representative. When ITAR and/or Government Rated data is noted on the Purchase order, the US Government restrictions must be followed. If you have any questions concerning ITAR or Government rating notify the company buyer. All concerns must be answered prior to you accepting this order. All documents to be retained for 10-years minimum unless extended retention is required by customer quality flowdown.
QA 6	In addition to our right of access, the supplier agrees to right of access for <i>our</i> Customers (Primary or Prime Customer), or regulatory agencies to the applicable areas of all facilities, <i>at any level of the supply chain</i> , involved in the order and to all applicable records.
QA 7	Quality management system must be compliant to AS9003, AC7004, and AS9100 (current revision) or ISO9001:2008 or a quality system approved by Premier Gear.
QA 8	Suppliers are required to notify Premier Gear's quality prior to transferring any work to a new facility. Customer will determine prior to the transfer if subcontractor may perform the transfer of work. Supplier must notify the organization of changes in product and/or processes that affect product quality or product requirements.
QA 9	Supplier must notify the Customer of nonconforming product
QA 10	Supplier must obtain approval by the Customer of supplier nonconforming material <i>disposition</i> .
QA 11	Supplier must flow down (to sub-tier suppliers) the applicable requirements in the purchasing documents, including key characteristics where required and positive Foreign Object Damage (F.O.D.) control processes
